Kind invitation to join Live Peace from 13th-29th September

Dear members of peace organizations worldwide,

Peace is the most important issue of our time. Yet history repeatedly shows that it was citizens' movements that achieved major social progress: the abolition of slavery, the Declaration of the Rights of Man and of the Citizen, the fall of the Berlin Wall, and many more. Music and the arts have the extraordinary power to unite people and move them emotionally. Music knows no religion, skin color or ideology.

Live Peace was therefore founded – **supported by already 10 Nobel Peace Prize Laureates** - as a tool to unite and mobilize citizens worldwide through worldwide concerts and art events – on and around every September 21st, the United Nations International Day of Peace.

Our vision is to be the first massive movement for peace - of millions of men, women and children one day standing together for peace on the same day with one uniting simple message: WE WANT PEACE

Alongside these many local events, we also aim to organize major concerts with well-known artists and televised coverage in order to reach and inspire as many people worldwide as possible. Already in 2025, Live Peace included 50 events worldwide, including one major event in France where we reached more than 8,700 people.

Citizens are the sparks that can ignite the fire of peace — by creating a global music and art movement that one day may be broadcast across all continents, with thousands, millions and perhaps eventually billions of people visibly calling for peace together through the strength of their numbers.

To build the first and largest worldwide network of peace concerts and artistic events — and to encourage cities, organizations and sponsors to join — **we want to kindly ask you to make your event a Live Peace event or even organize a small event yourself. In these times we need to stand together.**

Its very simple.

- You already plan a Peace event between 13th – 29th September? Or you are able to organise a small event?
- Then please register your event on our platform at <https://www.live-peace.com/would-you-like-to-organise-a-concert-or-artistic-event>
- Add our LOGO to your marketing material (we send it to you)
- And we list you at our website

That's it

We would be happy to share our vision and idea with you in a zoommeeting on the 1th of July at 9 AM or 6 PM CEST

- Register here for the 9AM CEST call - July 1:
